

30th CHINA LPG CONFERENCE 2025

MARCH 19-21

GUANGZHOU, CHINA

In 2025, we are poised to embrace another milestone in the "China LPG International Conference" – the 30th grand event, which we anticipate will shine like a dazzling pearl in China's LPG industry. With glory and dreams, we return to Guangzhou, a city steeped in history yet vibrant with modernity. As the capital of Guangdong Province, Guangzhou City is not only the fertile ground for China's reform and opening-up but also a splendid harbor where the import trade of LPG set sail, witnessing the splendid chapters of countless business legends.

Guangdong is not only the cradle of the LPG industry but also the place where industry pioneers set sail. Here, the prosperity of LPG import and export trade is like surging water in the mighty Pearl River.

Standing at this new historical juncture, we are filled with passion and aspiration as we look forward to the path of low-carbon development for LPG. Green and low-carbon are the inevitable trends for the industry's transformation and upgrading, and they are also our shared responsibility and mission. Let us advance together, integrating into the new landscape of energy industry development, to usher in an even more brilliant future for the LPG industry.

March 19
Registration

ACTIVITIES

□ 30th Anniversary Gala Dinner & Annual Awards

□ Youth Forum Call for Papers

To encourage more young professionals to participate in our industry, inject fresh ideas and vitality into our traditional sector, the conference has designated a special "Youth Forum" session, a platform for young professionals to showcase their talents.

We are now inviting papers from young professionals.

Theme: Submissions should relate to topics such as the development trend of the LPG industry, trade opportunities, new technology applications, or enterprise management. Ideas combined with personal work experiences are encouraged, especially those integrating Internet technology, artificial intelligence, or green and low-carbon concepts. Ads of products or brands will NOT be accepted.

Deadline: Participants are requested to submit their presentation slides in PPT format (with an accompanying written script if available), along with their personal biography, employer information, and contact details, to helen@gdoilgas.com by February 15, 2025.

Showcase: Winners will have a 15-minute speaking opportunity and receive the title of "LPG New Youth" awarded by the organizers.
